Conferenceseries LLC Ltd along with its subsidiaries Organizes 3000+ Conferences across Canada, Europe & Asia with the support from 1000+ scientific societies and Publishes 700+ Open Access Journals containing over 50000 eminent personalities, reputed scientists as editorial board members.

Awards Categories:

Conference Series LLC Ltd recognizes the efforts and contribution of scholars, researchers, academicians, and scientists in the field of medicine, science and technology by endowing them with prestigious awards like Best academician award, Best researcher award along with some other noteworthy awards in different categories containing certificates, mementos and gifts as well.

Expert Level:

The award is meant to the experts who have made exceptional contribution in the field of Cell and Structural Biology Research. This award is the most prestigious award of the conference and that is why it is also known as Scientific Service Achievement Award. One who is having at least 20+ years of experience (public /private sector) in relevant subject field is eligible for achieving this award. The recipient of the award must have a keen interest in opening the new horizons and researching the latest developments in the relevant field. Deserving nominees can be awarded online as well.

Professional Level

The Award for professional or academic research activity acquired in [Cell](#) and [Structural Biology](#) research field in the public or private sector for experts having research knowledge at 10+ years in the field of [Cell](#) and [Structural Biology](#) with most relevant accomplishments. Part-time research experience would be counted as pro-rata. It is calculated starting from the date when you obtained the (first) degree entitling you to embark on a

doctorate (either in the country in which the degree was obtained or in the country in which the researcher is recruited), even if a doctorate was never started or envisaged. You can nominate deserving of the award through online.

Women Scientist

[Cell](#) and [Structural Biology](#) can help you get your life back on track after treatment for new born babies. Usually includes two aspects: the actual treatment itself, and structural biology. Our Conference provides a unique platform for women scientists for presenting latest research projects with an in-depth analysis. We cordially invite women scholars and scientists from Universities/ Industries to who have 10+ years of research experience to join the forum. We are happy to encourage our women scientist's participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations. Women Scientist can nominate deserving of the award through online.
