

## 2020 Past Conference Report for “World Plant and Soil Science Congress.”

### Patrizia Cesaro

Professor, University Piemonte Orientale, Italy, E-mail: [patrizia.cesaro@uniupo.it](mailto:patrizia.cesaro@uniupo.it)

Conference series LLC LTD hosted [7<sup>th</sup> Global Summit on Plant Science](#) during October 07-08, 2019 Madrid, Spain based on the theme **“Safeguarding the Plant Community for Global Development and Environmental Concerns”**. Active participation and generous response was received from the Organizing Committee Members, scientists, researchers, as well as experts from Non-government organizations, and students from diverse groups who made this conference as one of the most successful and productive events in 2018 from Conference series.

The conference was marked with workshops, multiple sessions, Keynote presentations, panel discussions, young research forum and Poster sessions. We received active participation from scientists, young and brilliant researchers, business delegates and talented student communities representing more than 35 countries, who have driven this event into the path of success.

The conference was initiated with a warm welcome note by Honorable guests and the Keynote forum. The proceedings went through interactive sessions and panel discussions headed by honourable Moderator **Dr. Adamu Muhammad working at Kebbi State University of Science and Technology, Nigeria** for the conference.

The conference proceedings were carried out through various Scientific-sessions and plenary lectures, of which the following Speakers were highlighted as **Keynote speakers**:

Development of improved seed: Maximization and commercialization of Hasnain-2013 a high yielding rapeseed variety: **Dr. Habib Ahmad, Islamia College Peshawar, Pakistan**. Response of potato (solanum tuberosum L.) Varieties to planting dates in Semi-arid lowland Nigeria: **Dr. Adamu Muhammad, Kebbi State University of Science and Technology, Nigeria**. The role of chloroplast precursor phosphorylating SYT kinases in protein import and acclimation in *Arabidopsis thaliana*: **Dr. Ahmed Eisa, Ludwig Maximilian University of Munich, Germany**. Cooperation of TaCKX genes in regulation of growth and productivity of wheat (*Triticum aestivum* L.): **Dr. Anna Nadolska-Orczyk, Plant Breeding and Acclimatization Institute – National Research Institute, Poland**. Preliminary analysis of endogenous pectins and arabiongalactan proteins during ovule embryogenesis in sugar beet (*Beta vulgaris* L.): **Dr. Sandra K. Cichorz, Plant Breeding and Acclimatization Institute – National Research Institute, Poland**. Effect of tillage systems and fertilizer treatments on yield of maize hybrids: **Dr. Karamchand Bramdeo, University of Debrecen, Hungary**. The garden of medicinal plants in Plewiska: **Dr. Elzbieta Bilinska, Institute of Natural Fibers and Medicinal Plant, Poland**. Poster Judging was done by: **Dr. Habib Ahmad**

We are also obliged to various delegate experts, company representatives and other eminent personalities who supported the conference by facilitating active discussion forums. We

sincerely thank the **Organizing Committee Members** for their gracious presence, support, and assistance towards the success of Plant Science 2019.

With the unique feedback from the conference, **Conference Series LLC LTD** would like to announce the commencement of the World Plant and Soil Science Congress, during **October 14-15, 2020 in Rome, Italy** that runs on the theme **“Safeguarding the International Crop Population and Environmental Concerns**.
