

## 5th International Conference on Central Nervous System Disorders & Therapeutics

### Sam Vaknin

Professor of Psychology, Southern Federal University, Rostov-on-Don, Russia, E-mail: samvaknin@gmail.com

Conference Series is very glad to announce the successful accomplishment of "World Congress on Advances in Brain Injury, Disorders and Therapeutics" (Brain Therapeutics 2019) scheduled during October 21-22, 2019 in Tokyo, Japan with huge support from the Editorial Board Members of relevant journals and all the speakers around the Globe. The conference goes around the theme "Navigating the Future Advancements in Brain Therapeutics"

#### Special thanks to the contributions of the conference speakers:

**Workshop-Title:** Effects of merancin hydrate, the main representative component of Zhiqiao-Houpu decoction, on depression-like behaviour, gut motor, intestinal flora in acute stress rats Han Yan | Nanjing University of Chinese Medicine | China.

**Keynote Presentation-Title:** A study on the perceptions of parents on savant skills of individuals with Eunice Tan Meng Yin | Singapore University of Social Sciences | Singapore.

**Special Session-Title:** Autism in the eye of the beholder: A hedgehog or a cactus? Asia Dimitrova | SEN Oakland's School | UK.

Conference series is progressively working for the initiation of a new world, perspectives and views in the field of Neurology and Neurosciences. Conference Series is providing a great platform for thousands of neurologists to meet, learn, share and exchange their views. We are concentrating on the theme that everyone should gain something from the conference. So, we are organizing plenary sessions, poster presentations, exhibitions, symposia, workshops at our conference. CNS 2020 is supported by the related journals and their editorial board members and provides a chance of meeting them, along with experts in Neurology, psychology. CNS 2020 will be a perfect event where experts from universities, top Neuroscience associations, research centres and from the societies related to the research work. So, all are whole heartedly

Neurology gather and share their thoughts and invited to be a part of this event and make it successful.

The conference was inaugurated with an opening ceremony followed by Keynote sessions and a series of lectures delivered by both honourable guests and members of the keynote forum and plenary sessions. The adepts who communicated the theme with their exquisite talk were:

- SedaMaeresera | University of Roehampton | UK
- Wen Kai Wang | Nanjing University of Chinese Medicine | China
- Eunice Tan Meng Yin | Singapore University of Social Sciences | Singapore
- Asia Dimitrova | SEN Oaklands School | UK
- Giovanni Vista | Perpetual Succour Hospital | Philippines
- Wen Kai Wang | Nanjing University of Chinese Medicine | China

Conferenceseries is a fusion of Open Access Publications and global International science conferences and events. It is established in the year 2007 with the main aim of making the Sciences and technology information "Open Access". Conference series publishes journals in all relevant fields of Science, Engineering, Management and Technology. Conference series has been instrumental in taking the knowledge on Science & technology to the easy approach of ordinary men and women. Research Scholars, Students, Libraries, Educational Institutions, Research centres and the Industries are main contributors that benefitted greatly from this knowledge diffusion. Conferenceseries also organizes 3000+ International conferences around the world,

Research centres and the Industries are main contributors that benefitted greatly from this knowledge diffusion. Conference series also organizes 3000+ International conferences around the world, where knowledge transfer takes place through lectures, debates, round table meets, poster presentations, workshops, symposia and exhibitions.
