

## Editorial Note

## 5<sup>th</sup> Pharmaceutical Chemistry Conference April 27-28, 2020 Webinar

### Editorial Note

We had a huge success with the completion of **5th Pharmaceutical Chemistry Conference Webinar** on April 27-28, 2020. The significance of the meeting was achieved due to the accumulation of all the related group of spectators of research scientists to share their Knowledge, Research work, Technologies, and furthermore trade of worldwide Information towards the correct crowd at ideal time. Congress has received a generous response from all over the world. This has been organized with the aim of endorsing the development of new perceptions and ideas for investigating the high level of knowledge reached by scientific community in the field of Pharmaceutical Sciences.

The conference was organized around the theme *“Updates and Challenges towards Development of Novel Therapeutic Strategies Against COVID-19”*. The congress entrenched a firm relation of future strategies in the field of Pharma Chemistry.

We would like to thank all the participants and following keynote speakers:

- Laurent Désaubry, University of Strasbourg, France
- Canan G. Nebigil, University of Strasbourg, France
- Samir Mameri, University of Strasbourg, France
- Franz-Josef Meyer-Almes, University of Applied Sciences Darmstadt, Germany

We would like to thank each and every participant of Euro Pharma Chemistry 2020 webinar to make this a huge success. And special thanks to media partners for the promotion of our event.

The **ConferenceSeries**, Pharma Chemistry Conferences aim to bring together the prominent researchers academic scientists, and research scholars to exchange and share their experiences on all aspects of Clinical Research. It is conjointly a knowledge domain platform for researchers, practitioners and educators to gift and discuss the foremost recent advances, trends, and issues in addition as sensible challenges and solutions adopted in the fields of Pharmaceutical Chemistry.
