

9th Edition of International Conference on Antibiotics, Antimicrobials & Resistance

Olga Konovalova

Associate Professor Department of Chemical Metrology V.N. Karazin Kharkiv National University Ukraine, E-mail: o.yu.konovalova@karazin.ua

EuroSciCon team is glad to announce "9th Edition of International Conference on Antibiotics, [Antimicrobials](#) & Resistance" which is scheduled to be held during October 12-13, 2020 Zurich, Switzerland and the event is enlightened with the theme "Navigating the Future of Antibiotics". Supported through the organizing committee network of renowned scientific and professional experts, it provided a platform for collaboration among colleagues, vendors and academia to reveal new innovations, solutions, ideas and [emerging technologies](#).

We gladly welcome attendees all around the world for the hearing of the leading recent innovations and inventions in the field of [Antibiotics](#) like [Discovery Of Antibiotics](#), [Antibiotic Therapy](#), [Production In Antibiotics](#), [Antibiotic Resistance And Prevention](#), [Antimicrobial Resistance](#), Drug Discovery Technologies In Antibiotics, Pharmacology Of Antibiotics, Antimicrobial Peptides, Medical Use Of Antibiotics, Antibiotics For Emerging And Re-Emerging Diseases, Antibiotics In Oncology, Antibiotics Of Veterinary Importance, Interaction And Side-Effects Of Antibiotics, The Next Generation Approach Of Antibiotics, [Antimicrobial Peptides](#), [Mechanisms Of Antibacterial Resistance](#), [Genetics Of Antimicrobial Resistance](#).

This [Conference](#) will give a discussion to trade of thoughts and legitimate perspectives by driving researchers, exchange of ideas from the academicians of the best establishments from around the world. Settled keynote speakers and surely understood driving researchers and specialists from around the world will be relied upon to share their mindfulness and discussion about different angles identified with different bleeding edges.

Conference brings together the experts from all the aspects to meet and discuss the future and current status to thrive and endure with a better result. The participants can exchange and share their research results covering the scientific aspect. The event will unite Directors, Director of Laboratories, Universities, Industries, Delegates, Investigation experts, Investigators, Post-Doctoral Fellows, Research and Analytical Laboratories, Students, Research organizations, [Market Research](#) and Consulting Firms and all the intrigued individuals ready to upgrade and refresh the comprehension on the subject.

This interactive conference will combine technical input, personal effectiveness facilitation and practical hands on experience. This will ensure delegates go away with skills to enable them and their teams to perform to

the peak of their abilities, to continue to push the boundaries in delivering better, high quality international conferences. There are different sessions in the Conference like Keynote session, Oral Presentation, Poster Presentation, Workshop and Video Presentation. Participants will get following benefits:

We are inviting you for the Young Research Forum, include the following Benefits:

1. Opportunity to attend one conference per year with good discounts on registration fees
2. Opportunity to publish your manuscripts with discounts
3. International Certificate for Young Research Forum
4. Will be featured on our conference website as a Young Research Forum
5. All accepted abstracts will be published in Respective Journals
6. Abstracts will receive a DOI number provided by Cross Ref

The Young Research Forum honour is acknowledgment for Masters/PhD/Post Doctorate proposal introduction who will exhibit their activities and theory that have been actualized to improve long term prominence in the field of Antibiotics. You can nominate having the right to the award. The grant will be exhibited to up and coming analysts and researchers in the field of Antibiotics with at least 10 years of experience. The honour is named as The Upcoming Researcher Award. The scientists with another and changing query towards explore are supported. The scientists must to carry new advancements and developments to their work as per the new patterns in their field. You can assign anybody you feel having the right to the honour.

Euroscicon fosters and recognizes investigate greatness and administration by perceiving the extraordinary analysts, outstanding alumni or early academicians who have particular enthrallment towards the meeting topics. The Award endeavours in giving a solid expert advancement open door for early vocation academicians-meeting specialists in the field, interfacing with partners from different pieces of the world and making systems and long term relations.

The journal encourages research and innovation in the Antibiotics prospect, offers professional publishing support to authors until the publishing is finalised. It helps the scientific community to upgrade itself with the most recent advancements.

The topics covered in the journal include and are not limited to:

Allergic Reactions and Interactions, Antibiotics

Amoxicillin, [Antibiotics Classification](#), [Antibiotics for Throat Infection](#), [Antibiotics Guidelines](#), [Antibiotics over the Counter](#), [Antibiotics Resistance](#), Antibiotics Side Effects, [Antibiotics Uses](#), [Antimicrobial Resistance](#), [Developing new Drugs](#), Development of New Antibiotics, Vaccines.

The Facts and Facets of [Antibiotics Microbial 2020](#), and the most recent research are going to be illustrated by **Olga Konovalova**, Department of Chemical Metrology, Faculty of Chemistry, V.N. Karazin Kharkiv National University, Ukraine in the "9th Edition of International Conference on Antibiotics, Antimicrobials & Resistance" scheduled for October 12-13, 2020 in Zurich, Switzerland. With the help of our esteemed Organizing Committee Members this conference is expected to be one of the most successful and productive events in the history of ME Conferences.

Join us to witness invaluable scientific discussions and add to the future advancements in Antibiotics in the upcoming "9th Edition of International Conference on Antibiotics, Antimicrobials & Resistance" which Antibiotics and its prospects is going to be held October 12-13, 2020 in Zurich, Switzerland.

Regards
