

Minds Advancing Medicine in the Area of Ethnomedicine

Efthymios Paptzikis

QTS, FHEA, Ph.D. in Music Psychology, University of East Anglia, (UK), E-mail: e.paptzikis@cu.ac.uk

This conference invites all the participants around the globe to share a platform and in order to convey their insights and recent developments in the field of Cognition and Neuroscience. We extend the heartiest welcome to the "27th Cognitive Neuroscience Congress" on October 16-17, 2020 at Bali, Indonesia, revolving around the theme "Scientific gathering to unleash the new horizons in the neurocognitive study". This conference invites all the participants around the globe to share their insights and recent developments in the field of Cognition and Neuroscience.

Neurocognitive 2020 is an international event focused on fundamental expertise and important developments in the ever-expanding field of neurology, cognitive science and psychology through drawing global experts.

Discussing ground breaking research and development in cognitive neuroscience and psychology is a global platform. It is a golden opportunity to meet eminent personalities and to learn the latest technological advancements

NEUROCOGNITIVE 2020 Organizing Committee summons you to attend the massive gatherings on October 16-17, 2020 at Bali, Indonesia.

Awards for Neurocognitive 2020

Expert Level

The award is recognition to the professionals who have made outstanding contributions to Cognitive and Neuroscience Medicine development. It is the conference's most prestigious award and is designated as the Scientific Service Achievement award. The eligibility criterion for this award is that you should have at least 20+ years of public or private sector related experience. The winner of this award should have a committed interest and take the initiative to study recent trends and innovations on related topics. You can nominate deserving of the award online.

Professional Level

The award for professional or academic research practice gained in the field of Neuroscience Medicine in the public or private sector for experts with the most important accomplishments having 10+ years of research experience in the field of cognitive and neuroscience Medicine. The experience of part-time work will be regarded as a pro-rata. It is measured from the date you received the (first) degree which entitles you to begin a doctorate (either in the country where the degree was obtained or in the country where the researcher is recruited), even if a doctorate was never been initiated or expected. You may apply for the award online.

Scholar Level

The conference is presenting the Scholar Level award for future scientists, researchers, and experts with 10+ years of cognitive and neuroscience medicine research experience. Our conference aims to offer the best platform for expanding your network by sharing your on-stage research knowledge. Presentation involves 25-30 minutes of oral debate on the conference theme-based scientific research topics along with 5-minute panel discussions. You can nominate online deserving of the award.

Women Scientist

Our conference provides women scientists with a unique platform for an in-depth analysis of the latest research projects. We cordially invite university/industry women scholars and scientists with 10+ years of research experience to join the forum. We are happy to encourage our women scientist participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations. Women scientists can nominate deserving of the award online.

Outstanding Speaker

The award honors individuals who will present their initiatives, approaches, and schemes to boost long-term performance in Neurology.

Best Keynote Speaker

The award recognizes the Best Keynote speakers who will present their projects, strategies, and schemes to improve long-term excellence in Neurology. If you were accepted as a keynote speaker by Program Manager, you can nominate deserving of the award online.
