

## Acknowledgement of Reviewers

**Received:** March 18, 2021; **Accepted:** March 22, 2021; **Published:** April 02, 2021

Dear Readers

I would like to give warmest thanks to the reviewers for evaluating manuscripts on behalf of the editors of Journal of Plant Sciences and Agricultural Research. The entire journal profoundly values the commitment of reviewers for their important time and checking on the assigned manuscripts, which is useful for updating and improving our journal, just as the significant directing importance to our research. Journal of Plant Sciences and Agricultural Research is peer-reviewed, open access, online journal that leads the world in publishing peer-reviewed novel research, including original research, analyses, editorials, reviews and commentary on all fields of Plant Sciences. The principal aim of Journal of Plant Sciences and Agricultural Research is to unite in one scientific journal of all reports in the field of Plant Science and agriculture from numbers of different disciplines. Reviewing manuscripts is very deliberate, require not only careful analysis, reading, and but also a willingness to continue with an article through multiple revisions. The Journal always appreciates the contribution of reviewer for their support towards successful publication of articles. The Journal has an Editorial tracking and submission system where reviewers can submit their comments either on the journal's unique email id or directly on the submission system. Also, they can access details of their past reviews. After fruitful culmination of review of five articles, by reviewers submitted to the Journal the reviewers are qualified for get an authority analyst authentication from the Editorial group. Journal of Plant Sciences and Agricultural Research is an international peer-reviewed journal and one of the famous journals in the field of Plant science. In 2017 first issue of the journal was published and since then it is growing continuously and publishing sufficient
