

Announcement: Global Experts Meeting on Chronic Diseases is scheduled during August 26-27, 2020 at Kyoto, Japan

Alice Genyi

Professor and Head of the department Cairo University, Egypt, E-mail: alicegenyi75@gmail.com

The conference “**2nd Global Experts Meeting on Chronic Diseases**” hosted by Conference Series was held during **October 23-24, 2019** in **Tokyo, Japan** was successfully completed with the theme “*Latest Advancements in treating Chronic Diseases*” offered a unique opportunity for investigators across the globe to meet, network, and perceive new scientific innovations. Benevolent response and active participation was received from the scientists, professors, lecturers, healthcare industries, researchers and students from the fields of medical and health, those who involved in this successful event.

The conference was initiated with the honorable presence of the Keynote forum.

The list includes:

•**Title:** Self-care behaviors among adolescent pregnancy in Samut Sakhon province, Thailand
Duangkamol Viroonudomphol, *Siam University, Thailand*

•**Title:** The treatment of acne as a strategy to improve contraceptive adherence in Colombian young women
John Palacio-Cardona, *Universidad Santiago De Cali, Colombia*

Conference Series is organizing “**Global Experts Meeting on Chronic Diseases**” which is going to be held during **December 07-08, 2020** in **Tokyo, Japan**. The theme of the conference is “*Diagnostic Advancements in Chronic Diseases*”. The conference will cover the fields related to Infectious Diseases. The conference has been carefully designed to acknowledge the various recent researches going on in the field of Gynecology and Women Health. In addition to the paper presentations, the conference will provide its attendees to attend sessions of presentations and debates, workshops and symposiums as well as [poster presentations](#). This conference on Women’s Health, Gynecology & Obstetrics will deal with various tracks from the different fields of Women Health. The congress provides you with a unique opportunity to meet up with peers from both industry and academia. We cordially invite all concerned people to come and join us at our event and make it a successful one by your esteem participation.

This congress melds brief Keynote presentations, Speaker talks, Exhibition, Symposia and Workshops. [Chronic Diseases Congress 2020](#) is a unique congress that melds major chronic diseases like Diabetes, COPD, Hepatitis, Cancer, Asthma, Cardiovascular diseases, Stroke, Obesity, Depression, HIV/AIDS, etc., in order to pursue a holistic approach in the rapidly growing fields of chronic diseases for improved practice, research, education, recovery and patient care. It will offer an exceptional opportunity for specialists from all over the world to meet, network, and distinguish with different scientific interactions.

The [Chronic Diseases](#) has a strong emphasis on support and inspiration for the next generation of scientists, along with early-career researchers, a Young Researchers Forum, and activities to encourage interaction with peers and experts.

Altogether the Conference aims to be an exemplary cross-discipline gathering in the Chronic Diseases for research presentation, discussion, learning, inspiration and encouragement with participants leaving with new research knowledge and ideas, and perhaps the beginnings of international collaborations and friendships.

Key Highlights:

- Best platform to develop new collaborations & partnerships
- 89% of our conference attendees are the key contacts in their lab purchasing decisions.
- Our exhibitor booths were visited 4-5 times by 80% of the attendees during the conference.
- Past exhibitor’s feedback reveals an ample number of inquiries received from the conference attendees.
- Network development with both Academia and Business.
