

Announcement of 6th International Conference on Food Science & Technology

Denis Zekis

President of AI TOGETHER

Editorial:

With immense pleasure and great honour we would like to invite you to attend the “6th International Conference on Food Science & Technology” which is scheduled on September 14-15, 2022, in Dubai, UAE. It is focusing on the theme “An overview on food science and technology” to enhance and explore knowledge among academics and industry personnel dealing with pharmacy, pharmacology, and its related subjects to establish corporations and exchange ideas. Management Information 2022 will be a global event focusing on the core knowledge and major advances in the rapidly emerging fields of Business Management and Information Technology attracting experts and professionals globally.

Longdom conferences also, encourage bright minds with special awards and certifications which are categorized to best speaker talks, best abstract, best poster award, outstanding young researcher award and the house of delegate awards. Food Technology 2022 scientific committee is responsible for recommending individuals for awards for consideration and approval. Winners of the awards will be considered to have presented an original scientific or technical study investigating a novel application or an innovative research approach, of a standard suitable for publication at an international level.

We encourage you to have a look on our official website and submit your speech abstract as the earliest, so that we can reserve your slot.
