

Announcement of 9th international conference on craniofacial surgery

Joakim Carleson

Karolinska Institutet, Sweden

With immense pleasure and great honour we would like to invite you to attend the "[9th International Conference on Craniofacial Surgery](#)" Conference during December 14-15, 2022 in New York, USA. Craniofacial Surgery 2022 mainly focuses on the theme "Advanced scientific improvements and new challenges in Craniofacial Surgery". Craniofacial Surgery 2022 guided by a line-up of expert speakers, the agenda will address some of the major issues related to Craniofacial. To ensure that the public receives the best possible care and can look forward to a bright future.

[Longdom](#) organises leading international conferences and webinars and is instrumental in bringing together experts and beginners for cooperative and effective research-oriented discussions. The goal of Longdom conferences is to bring together scientists at every level from different disciplines to understand and discuss during programmed topic sessions and informal gatherings. Longdom conferences will showcase innovative, cutting-edge research on the fundamental roles in addressing the challenges and translational research from academia to industry. All these opportunities will support professional growth of younger scientists that will promote future collaborations and enhance participation and contribution to their exciting research work. Exciting oral sessions and poster sessions will reflect broad diversity of research and will include topics driving innovative efforts and provides maximal opportunity for scientific exchange respectively. Besides invited speakers, many speaker slots are chosen from submitted abstracts to ensure good representation of those who are new to the field, young investigators, and recent results. Contact us and we'll connect you with the right subject expert from our vast network of experienced operation professionals worldwide.

[Longdom](#) conferences also, encourage bright minds with special awards and certifications which are categorized to best speaker talks, best abstract, best poster award, outstanding young researcher award and the house of delegate awards. Craniofacial Surgery 2022 scientific committee is responsible for recommending individuals for awards for consideration and approval. Winners of the awards will be considered to have presented an original scientific or technical study investigating a novel application or an innovative research approach, of a standard suitable for publication at an international level.

We encourage you to have a look on our official website and submit your speech abstract as the earliest, so that we can reserve your slot.
