

Announcement of International Conference on Wireless Telecommunication

Darius Burschka

Technical University of Munich, Germany

With immense pleasure and great honour we would like to invite you to attend the "[International Conference on Wireless Telecommunication](#)", which is scheduled for September 05-06, 2022 at London, UK. Wireless Conference will be focusing on the theme "Future Trends in Wireless Communications" to enhance and explore knowledge among academicians and industry personnel". Wireless Conference will be having sessions on, Computer Networking, Cyber-Physical Systems, Digital Signal Processing, Radio Waves, Satellite Communication, and its related subjects to establish a connection for exchanging ideas. The detailed agenda of the wireless conference will have keynote presentations, plenary sessions, oral sessions, panel discussions, poster presentations, and young researchers' forum.

[Longdom](#) organises leading international conferences and webinars and is instrumental in bringing together experts and beginners for cooperative and effective research-oriented discussions. The goal of Longdom conferences is to bring together scientists at every level from different disciplines to understand and discuss during programmed topic sessions and informal gatherings. Longdom conferences will showcase innovative, cutting-edge research on the fundamental roles in addressing the challenges and translational research from academia to industry. All these opportunities will support professional growth of younger scientists that will promote future collaborations and enhance participation and contribution to their exciting research work. Exciting oral sessions and poster sessions will reflect broad diversity of research and will include topics driving innovative efforts and provides maximal opportunity for scientific exchange respectively. Besides invited speakers, many speaker slots are chosen from submitted abstracts to ensure good representation of those who are new to the field, young investigators, and recent results. Contact us and we'll connect you with the right subject expert from our vast network of experienced operation professionals worldwide.

[Longdom conferences](#) also, encourage bright minds with special awards and certifications which are categorized to best speaker talks, best abstract, best poster award, outstanding young researcher award and the house of delegate awards. [Wireless 2022](#) scientific committee is responsible for recommending individuals for awards for consideration and approval. Winners of the awards will be considered to have presented an original scientific or technical study investigating a novel application or an innovative research approach, of a standard suitable for publication at an international level.

We encourage you to have a look on our official website and submit your speech abstract as the earliest, so that we can reserve your slot.
