

Editorial

Dear Readers,

We are very much delighted to mention all of you that we have completed our 4th successful year in the arena of publishing and research on Journal of Molecular Sciences. Over the past 4 years we have spread our wings across the globe and have collaborated with many scholars, researchers and budding scientific community who has contributed to our growth and success. Our combined continuous efforts has received a tremendous response and attracted billions of readers across the globe. During the year 2017, all issues of volume 1 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online. Journal Molecular Sciences has published articles related to Cell Biology, Molecular Biology, Molecular Genetics, Biochemistry, Bio-inorganic Chemistry, Biomaterial Sciences, Molecular Botany, Molecular Toxicology, Molecular Pathology, Molecular Biomedicine, Micro fabrication, Molecular Biophysics, Molecular Recognition, Chemical Engineering, Catalysis Physical Chemistry, Theoretical Chemistry, Computational Chemistry, Nanotechnology, Nanobioscience Diagnostics and Immunology of Infectious Diseases.. Out of all the papers published Most of the papers were from United States of America, India and African subcontinents. Average publication lag time of an article was further reduced to 45 days. Journal of Molecular science is an official peer reviewed journal for the rapid publication of innovative research covering all aspects of molecular sciences and providing an advanced forum for molecular biology, molecular medicine and chemistry. Molecular Sciences is an integrative, complex, concerted and a multidisciplinary science dealing with the study of different type of molecules. It includes a wide range of fields in its discipline to create a platform for the authors to make their contribution towards the journal. The editorial office promises peer reviewing of the submitted manuscripts to maintain quality. The journal aims to publish the most complete and reliable information on discoveries and current developments in the field of Molecular Sciences. It accepts all types of manuscripts such as research article, review article, case report, case series, editorial etc. for publications. The journal also includes but does not limit to various fields of research upon Cell Biology, Molecular Biology, Molecular Genetics, Biochemistry, Bio-inorganic Chemistry, Biomaterial Sciences, Molecular Botany, Molecular Toxicology, Molecular Pathology, Molecular Biomedicine, Micro fabrication, Molecular Biophysics, Molecular Recognition, Chemical Engineering, Catalysis Physical Chemistry, Theoretical Chemistry, Computational Chemistry, Nanotechnology, Nanobioscience Diagnostics and Immunology of Infectious Diseases making them available online to worldwide researchers without any subscription fee. Journal of Molecular Sciences using Editorial Manager System to maintain quality in the online manuscript submission, review and tracking process. Editorial board members of Journal of Molecular Sciences along with eminent scholars conduct the review process; at least two independent reviewers approval followed by the editor is required for the acceptance of any citable manuscript. As of today's society, the use of social media has become a necessary daily activity, it is a valuable tool locally and worldwide, so we will communicate with the Researchers, Students, Scholars, Scientists, Professors, Deans, Institutes, Universities, and all the members related to the subject through LinkedIn, Twitter, Face book, My Live Chart, WhatsApp. We post the upcoming Issue and Journal highlights and current research works in social networks, So that all the members can work on the research and submit their papers. I take this opportunity to acknowledge the contribution of authors during the final editing of articles published and the support rendered by the editorial assistant in bringing out issues of APN in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of Journal of Molecular Sciences, the office bearers and staff for their support in bringing out yet another volume of APN and look forward to their unrelenting support to bring out the Volume 5 of APN in scheduled time.
