

## Awards 2020 for Environmental Microbial Biofilms and Human Microbiomes Conference

**Akinde AS**

Professor, Department of Pure and Applied Physics, College of Natural and Applied Sciences, Veritas University, Nigeria, E-mail: [akinde@gmail.com](mailto:akinde@gmail.com)

The human microbiome is the aggregate of all microbiota that reside on or within human tissues and biofluids along with the corresponding anatomical sites in which they reside,[1] including the skin, mammary glands, placenta, seminal fluid, uterus, ovarian follicles, lung, saliva, oral mucosa, conjunctiva, biliary tract, and gastrointestinal tract. Types of human microbiota include bacteria, archaea, fungi, protists and viruses. Though micro-animals can also live on the human body, they are typically excluded from this definition. In the context of genomics, the term human microbiome is sometimes used to refer to the collective genomes of resident microorganisms

ME Conference is glad to schedule the **"2nd International Conference on Environmental Microbial Biofilms and Human Microbiomes"** on **November 19-20, 2020** at **Bali, Indonesia**.

### Human Microbiomes 2020

#### Expert Level:

The award is recognition to the professionals who have made outstanding contributions to Microbiology development. It is the conference's most prestigious award and is designated as the Scientific Service Achievement award. The eligibility criterion for this award is that you should have at least 20+ years of public or private sector related experience. The winner of this award should have a committed interest and take the initiative to study recent trends and innovations on related topics. You can nominate deserving of the award online.

#### Professional Level:

The award for professional or academic research practice gained in the field of in the public or private sector for experts with the most important accomplishments having 10+ years of research experience in the field of Immunology. The experience of part-time work will be regarded as a pro-rata. It is measured from the date you received the (first) degree which entitles you to begin a doctorate (either in the country where the degree was obtained or in the country where the researcher is recruited), even if a doctorate was never been initiated or expected. You may apply for the award online.

#### Scholar Level:

The conference is presenting the Scholar Level award for future scientists, researchers, and experts with 10+ years of experience in Microbiology. Our conference aims to offer the best platform for expanding your network by sharing your on-stage research knowledge. Presentation involves 25-30 minutes of oral debate on the conference theme-based scientific research

topics along with 5-minute panel discussions. You can nominate online deserving of the award.

#### Women Scientist:

Our conference provides women scientists with a unique platform for an in-depth analysis of the latest research projects. We cordially invite university/industry women scholars and scientists with 10+ years of research experience to join the forum. We are happy to encourage our women scientist participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations. Women scientists can nominate deserving of the award online.

#### Outstanding Speaker:

Outstanding Speaker Awards are presented to recognize individuals who have made innovative approach to the recent advancements in the field of Infectious Diseases. The award should motivate individuals to strive to realize their fullest potential which could in turn be beneficial. Epic works are not only a testament to the individual's efforts, but they also have the potential to change the whole world as they can lead to gain knowledge from the presentations based on the research technologies related to Microbiology.

#### Best Keynote Speaker:

The award recognizes the Best Keynote speakers who will present their projects, strategies, and schemes to improve long-term excellence in health care. If you were accepted as a keynote speaker by Program Manager, you can nominate deserving of the award online.

#### Best Poster Presentation:

Students' poster competition is organized at the conference, to encourage students and graduates to show their original research. All approved abstracts will be discussed during the conference at the poster sessions. The goal of the Conference Series is to set up a platform for all aspiring scientists and researchers to present their work in real-time and share their views and aspects relevant to the conference theme. You can nominate deserving of the award online.

#### Outstanding Thesis:

The award is recognizing for Masters/Ph.D./Post Doctorate thesis work presentations who will exhibit their projects and thesis that have been implemented to improve long-term excellence in the field of Immunology. You can nominate deserving of the award online.
