- Toxicology

Why Toxicology 2020??

Toxicology 2020 offers a novel platform to present research work and grasp the newest updates with a whole new approach in numerous areas of interest.

The Toxicology Conference provides a platform to form nice professional and business contacts and leave the conference with a takeaway that may straight off elevate your performance and success by processing your path and managing your successful and profitable entrepreneurial/academic journey.

At Toxicology 2020, we promise a global toxicology meet. The participants will be able to meet consultants within the field of toxicology, medicine, Eco-Toxicology, Risk Assessment, Environmental Chemistry, Pathology, and organic chemistry. being attentive to keynote displays at the conference can inform you of this analysis and innovations within the field of Environmental toxicology and medicine and can inspire analysis concepts of your own and can expose you to totally different types of presentation.

Toxicology Event is expecting more than 150+ Participants to enlighten the program. This year the Rome Toxicology Conference will organize several Oral and Poster Presentations/Networking Sessions/Workshops/Symposiums/Exhibition as we have introduced several tracks to usher in more participants.

We are looking forward to the Toxicology 2020 conference to be successful just as the Toxicology 2019 held at London, UK on Nov 11-12, 2019 which was only possible because of our supportive Organizing Committee Members and Keynote speakers!!

We welcome all the Toxicology Professionals, Delegates, Researchers, and Students to make your beautiful presence in Rome by June 17-18, 2020.
