Editorial

AGeneral Surgery Reports (IPGSR) extends a warm welcome to the researchers, scholars, academicians, clinical and medical practitioners to contribute their original research on Surgery Reports. As well as reflecting the traditional core subjects of Robotic surgery, Otorhinolaryngology Surgery, Oral & Maxillofacial surgery, Laparoscopic Surgery, Colorectal Surgery, Breast Surgery, Vascular Surgery etc. I am pleased to announce that, till now all issues of Volume 5 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online during the year of 2021. The Journals aims to flourish and to maintain the standards in research and practice, provide platform and opportunity to present the interface of General Surgery Reports and other scientific fields of inquiry such as Surgical Oncology, and probably the journal aims to be the voice of the overall Surgery Reports academic group IPGSR impact factor for the year 2021 was 0.29. All published articles of this journal are included in the indexing and abstracting coverage of Google Scholar, Global Impact Factor (GIF), Publons, Open J Gate, China National Knowledge Infrastructure (CNKI), RefSeek, Electronic Journals Library, EBSCO A-Z, Hamdard University, Virtual Library of Biology, Studies receiving funding from a funding organization that is included on the list of PMC and Research Funder Policies or authors having NIH grant were submitted to PubMed. During the calendar year of 2020, JND received a total of 25 manuscripts, out of which 10 articles were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. During 2020 around 15 articles were subjected for publication after they are accepted in the peer review process. 2nd issue of Volume 5 published during the year of 2021, a total of 5 articles were published (at an average of 5 articles per issue) of which, articles were published from authors all around the world. Globally articles have been accessed by the research scientists and also cited. During the calendar year 2021, a total

of two Editors, five Reviewers joined the board of IPGSR and contributed their valuable services towards contribution as well as publication of articles, and their valuable reviewer comments will be beneficial to publish quality of article in the Journal. I take this opportunity to acknowledge the contribution of Iyob Ilyas (USA), and John Patrick F. Bebawy (USA) during the final editing of articles published and the support rendered by the editorial assistant, in bringing out issues of IPGSR in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of IPGSR, the office bearers for their support in bringing out yet another volume of IPGSR and look forward to their unrelenting support to bring out the Volume 5 of IPGSR in scheduled time.
