Citation: Hazim Abdul-Rahman Jumma Alhiti (2020) Editorial Note for journal of emergency and trauma care. Open access: 4:1

Journal of Emergency and Internal Medicine (IPJEIM)

is an international peer-reviewed journal designed for internists and emergency physicians. Journal of Emergency and Internal Medicine publishes a variety of manuscript types including Original research articles, Review articles, Case Reports, Physical examinations, Morbidity and Mortality Reports, Letters to the Editor, Editorials and Short Commentaries. Topics of interest include all subjects that related to the science and practice of Emergency and Internal Medicine.

The journal gives particular emphasis to papers that integrate the findings of academic research into realities of clinical practice in the following areas: Clinical Toxicology, Prehospital Care, Disaster Medicine, Environmental Emergencies, Resuscitation, Cardiology, Emergency Radiology, Critical Care, Sports Medicine, Behavioral Emergencies, Emergency Medical Services, The Difficult Airway, Aero medical Emergencies etc. I am pleased to announce that, all issues of volume 3 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online during the year of 2019.

The journal aims to publish highly topical and credible works at the forefront of all aspects of Internal Medicine and Emergency Medicine. Journal dedicated to publishing high-quality articles that describe the most significant and recent advancements in all areas of Internal Medicine and Emergency Medicine.

During the calendar year of 2019, IPJEIM received a total of 11 manuscripts. During 2019 around 10 articles were subjected for publication after they are accepted in the peer review process. In the 2 issues of Volume 3 published during the year 2019, a total of 11 articles were published (at an average of 4 articles per issue) of which, articles were published from authors all around the world. Globally articles have been accessed by the research scientists and also cited.

During the calendar year 2019, a total of one Editor, Seven Reviewers joined the board of IPJEIM and contributed their valuable services towards contribution as well as

publication of articles, and their valuable reviewer comments will be beneficial to publish quality of article in the Journal.

Association with IMedpub has increased Readership Metrics (By Google Analytics) of Journal of Emergency and Trauma Care which can be accessed at [Google analytics for the journal of emergency and internal medicine](#)

Authors are cordially invited to submit their current research activities and outcomes in the form of any article type of science communication such as original research, review, expert opinion, commentary, short note communication to our Journal.

Manuscripts can be submitted online via [Editorial Tracking System](#) or as an E-mail attachment to the Editorial Office at internalmedicine@medicineinsights.com. IPJEIM is using Online Review and Editorial Tracking Systems for quality review process and the authors can submit manuscripts and track their progress.

I take this opportunity to acknowledge the contribution of Dr. Mohammad Kalantari Meibodi during the final editing of articles published and the support rendered by the editorial assistant, in bringing out issues of IPJEIM in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of IPJEIM, the office bearers for their support in bringing out yet another volume of IPJEIM and look forward to their unrelenting support to bring out the Volume 3 of IPJEIM in scheduled time.
