Conference Series LLC Ltd is proud to accept its accomplishment of several consecutive conferences around the world. The success of **Stem cell Congress 2019** which was held in **June 13-14, 2019 Helsinki, Finland** has given birth to another conference StemcellCongress2020 which is forthcoming in September 2020.

Conference Series LLC Ltd coordinates 3000+ International conferences across the sphere in view of knowledge transfer through debates, poster presentations, workshops, symposia, round table discussions and exhibitions.

The theme **New Trends and Technologies in Stem Cell Research** was big blast, which was inaugurated with an opening ceremony followed by Keynote sessions and followed by a series of lectures delivered by both Honourable Guests and members of the Keynote forum and an Exhibitor. The adepts who promoted the theme with their elegant talks as follows:

Honourable **Dr. Joel Isaias Osorio Garcia** had delivered his informative Keynote session on "The RegenerAge Combinatorial **Bio-Interventions** using Bioquantine® and allogeneic Mesenchymal Stem Cells combined with a spinal cord stimulation system in a No Option patient with ASIA-A classification" on the first day.

On the second day honourable Dr. Gianni Pertici had delivered his valuable Keynote talk on "Xenohybrid scaffolds for bone regeneration"

Dr. Claire Saucourt & Dr. Joel Isaias Osorio Garcia had been honoured as chairs for the sessions.

Success vibes lead to announce about the forthcoming conference 14th World Congress on

Stem cell Research, Cell and Gene Therapy that is designed in Barcelona, Spain during September 10-11, 2020.

The theme "Stem Cell Research: Great avenues for healthcare and wellness entrepreneurs" integrates

trigger keynote speeches, Oral talks, Poster displays and Exhibitions.

Our supporters include organizing committee members, editorial members of International journals, its associated journals, media partners, collaborators from various Internal Organizations and our past participants include doctors, scientist, nurses, researchers, and students.

Supported journals:

1. Journal of Tissue Science & Engineering
2. Journal of [Stem cell biology](#) and transplantation
3. Journal of Genetics and Genomes

[Stem cell Congress 2020](#) is expected to have global and professional networking which includes both knowledge exchange and discussions on new technologies and insights which will be helpful for all the participants who attend this meet starting from students to experts and companies to invent new medications to create a healthy world.

We have come up with an idea of honouring the presenters for their best lectures at the conference with the following:

1. Best Keynote Speaker
2. Best Speaker
3. Best Masters/Ph.D./Postdoc Thesis work presentation
4. Best Poster Award

Ultimate motto is to encourage and justify your eminence.

In continuation of the same spirit:

Dr. Mirolyuba Simeonova Ilieva, Denmark (SCC 2019) had delivered lecture on "Patients derived iPSC and brain organoids in translational psychiatric research"

Dr Claire Saucourt, France (SCC 2019) added lecture on "Expanded CD34+ cells for cardiac [cell therapy](#)"
