

## Journal of Plant Biology & Agriculture Sciences

### Editorial

We are very much delighted to mention all of you that we have completed our 5th successful year in the arena of publishing and research on Plant Biology. Over the past 5 years we have spread our wings across the globe and have collaborated with many scholars, researchers and budding scientific community who has contributed to our growth and success. Our combined continuous efforts has received a tremendous response and attracted billions of readers across the globe. During the year 2021, all issues of volume 5 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online. Journal of Plant Biology and Agriculture Science aims to promote research communications and provide a forum for Botanist and agriculture scientists to find most recent advances in all areas of Agriculture Research. Journal of Plant Biology and Agriculture Science is strongly supports the scientific up gradation and fortification in related scientific research community by enhancing access to peer reviewed scientific literary works. Journal of Plant Biology and agriculture Science helps Students, young researchers, other agri professionals find up-to-date information on many interesting research topics in the field of Agriculture

Science and Plant Biology. The editorial office promises peer reviewing of the submitted manuscripts to maintain quality. Journal of Plant Biology and Agriculture Science accepts original research articles, reviews, mini reviews, and rapid communications covering all aspects of Agriculture and Plant Biology. As of today's society, the use of social media has become a necessary daily activity, it is a valuable tool locally and worldwide, so we will communicate with the Researchers, Students, Scholars, Scientists, Professors, Deans, Institutes, Universities, and all the members related to the subject through LinkedIn, Twitter, Face book, My Live Chart, Whatsapp. We post the upcoming Issue and Journal highlights and current research works in social networks, So that all the members can work on the research and submit their papers. I take this opportunity to acknowledge the contribution of authors during the final editing of articles published and the support rendered by the editorial assistant in bringing out issues in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of Journal of Plant Biology and Agriculture Sciences, the office bearers and staff for their support in bringing out yet another volume and look forward to their unrelenting support to bring out the Volume 6 of Plant biology in scheduled time.
