International Conference on Lung & Respiratory Diseases, October 19-20, 2020, Paris, France

Conference series proudly announces International Conference on [Lung & Respiratory Diseases](#) which is going to take place in Paris, France during October 19-20, 2020 takes the privilege to invite all the participants, speakers, students, delegates, sponsors, exhibitors from all over the world to attend the event

[Lung diseases 2020](#) together are a multidisciplinary fields, interesting and interactive scientific sessions have been designed accordingly for this conference which includes the diagnosis, care and prevention of different acute and chronic medical conditions, comprises of various medical specialties such as [Respiratory Disorders](#), Pulmonary effects, digestive diseases, Asthma, respiratory diseases, Lung diseases, immunological and [infectious diseases](#), basically all minor and major health issues related to lung and respiratory tract.

These events cover wide range of critically important sessions that deals with the current research development in the field of Pulmonology, [Lung diseases](#), and Asthma and, about the new treatment methods which are dealt by scientists to treat diseases in an easier way. These conferences act as a best platform for attendees to learn about the recent trends in Pulmonology. You can have a look on your insights about the present circumstance.

Our Lungdiseases 2020 conference mainly focuses on the following scientific sessions such as:

[Respiratory Tract Infections](#), Mucosal Immune System in Lung, Lung Transplantation and Pulmonary Diseases and therapeutics, [Chronic Bronchitis](#) & Respiratory Diseases and Lung Cancer: Screening, Diagnosis & Treatment, [Chronic Obstructive Pulmonary Disease](#), Pediatric Pulmonary Critical care and Sleep and Asthma and Allergy, Pulmonary Rehabilitation, Cardio [Pulmonary Disorders](#), Pulmonary Hypertension and Pleural Diseases, Thoracic Tumors, Tuberculosis, Prevention and Control of Respiratory diseases, Respiratory Equipment Devices, Market strategies on Respiratory diseases.

Medical Conference Committee is intended to honour prestigious award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of Medical.

Benefits of Attending this Conference

- Accepted Abstracts are going to be revealed within the individual journals and can be labeled with a Digital Object number (DOI) provided by Cross official (Free abstract publishing).
- Speaker and Abstract pages created in Google on your name would get worldwide acknowledgment to your profile and analysis.
- The Opportunity of Career steering Workshops to the Graduates, Doctorates and Post-Doctoral Fellows, Certificate enfranchisement from the Organizing Committee of presentation/participation.
- Best Poster and Young scientist Award. Conference by consultants Team. Best platform to develop new partnership & collaborations. Network development with each academe and Business.

[Conference Series LLC Ltd](#) extends its warm gratitude to all the Honorable Guests and Keynote Speakers of [COPD Conference2018](#):

Marousa Kouvela, University of Athens, Greece

Randall Debattista, University of Malta, Malta

Yvon Julé, Biocellvia, France

Lyubima Despotova-Toleva, Plovdiv Medical University, Bulgaria

Dina D'Souza

Camilo Corbellini, Casa di Cura Villa Serena Piosasco, Italy

Zhanna Laushkina, Novosibirsk Tuberculosis Research Institute, Russia

Liam Knox, Hywel Dda University Health Board, UK

Junling Huang, Feellife Medical, China

Maritess Jewson, Pulmonary Hypertension Association UK, UK

For more detailed information, visit <https://lungdiseases.insightconferences.com/https://lungdiseases.insightconferences.com/>

Targeted Audience/Participants:

Deans, Departmental chairs, Vice Deans, Presidents, Vice Presidents of Medical Universities, research Institutes, and Hospitals. Academic Professors and student's, who are in the field of medical and clinical research. Physicians and Physician assistants, Director's, Manager's and Business Intelligence Experts, Departmental Managers / CEO's

Conference Subject Advantages: Lung and respiratory system embody a selected interest on the impact changes in metastasis care and therefore the awareness is increasing every year, and therefore Lungdiseases 2020 encourages submissions from researchers based in, Europe, USA and Asian countries. The promising challenge of the field is to judge current novel promising interventions, address rising issues like synthesizing ever-increasing analysis findings, and develop innovative dissemination and communication ways.

Major challenges:

- Visa Issues
- Climate Conditions
- Financial Constrains
- Travel Issues
