

Past Conference Report of Anaesthesia 2020

Majid M Bassuni

Fakeeh University Hospital, UAE

Abstract

AAC Organized the World Conference on Anaesthesiologists and Surgeons in Amsterdam, Netherlands on July 13-14, 2020 based on the theme of Bringing Together leading Surgeons, Anesthesiologists and Researchers to share Pragmatic Insights. Our aim for this series was to administer an academic feast for all the practicing and non-practicing Anaesthesiologists, Surgeons, anaesthesia trainees, Nurse anaesthetist, Doctors, Medical Professionals, Medical Students and Bio-medical Engineers and to be a forum for extended discussions over assorted specialties and promising aspects in the field of Anaesthesia, Surgery and related topics in order to promote development and education in the field. The sessions included Anaesthesiology, General Surgery, Cardiothoracic anaesthesiology & surgery, Neurosurgical Anaesthesiology, Ophthalmic Surgery & Ocular Anaesthesia, Otorhinolaryngology Surgery, Dental Anaesthesiology, Oral & Maxillofacial Surgery, Obstetrics - Gynaecological Surgery & Anaesthesia, Urologic Surgery, Orthopedic Surgery, Pediatric anaesthesia & Pediatric Surgery, Plastic surgery, Veterinary Anaesthesia & Veterinary Surgery, Bariatric & Metabolic surgery, Microsurgery & Robotic Surgery, Anaesthesia Technology & Monitoring, Anaesthetic Implications & Management.

This Academic event included imperative Keynote forums, plenary presentations, poster presentations, workshops, exhibitions and more. By participating in forums, sharing research and collaborating, the research community would have been benefited. We are contended to the various delegate experts, company representatives and other eminent personalities who supported the conference by facilitating active discussion forums.

With the grand completion of Anaesthesia 2020, we introduce the '4th International Conference on Anesthesiologists and Surgeons' in Amsterdam, Netherlands on March 26-27, 2021
