Past Conference Report

Another Clinical Chemistry conference has been successfully completed the 4th edition. We must thank the attendees, Fleming's Conference Hotel Wien, Conference Centre Staff, the Organizing Committee, Ad-Sponsors, Media partners and everyone else that helped to make this **4th Edition of International Conference on Clinical Chemistry & Molecular Diagnostics** with the theme, **Recent developments and applications in Clinical Chemistry & Molecular Diagnostics** a huge successful conference. With the support and guidance of Organizing Committee Members and Editorial Board Members and astonish presentations of all participants along with Scientists, Researchers, Students and leaders from various fields of Clinical Chemistry and Molecular Diagnosis made this event a grand success.

Our Attendees obtained the kind of advance technical information in the arena of Clinical Chemistry and Molecular Diagnosis that they were seeking, and that their role in the field has been enhanced via their participation. They were able to take part in all the sessions and take advantage of the tremendous advancements in Clinical Chemistry that scientists are working with. "Our Section will continue to help students and ambitious young professionals network with a wide range of industry experts and provide a platform where they can learn and ask questions to help them figure out what they want to do for their future careers and how to take it to the next level". "This Section will also support organizations to set-up food testing laboratories".

The Majorly Focused Highlights for our **Clinical Chemistry 2019** Conference were Clinical Research and Practice, Healthcare Technologies, Clinical Chemistry Education, **Molecular Diagnostics**, Clinical Endocrinology, Clinical Biochemistry, **Women Researches in Clinical Chemistry**, **Clinical pathology**, Clinical Pediatrics, Nano Biochemistry, Enzymology & Biochemistry, Bioorganic And Biological Chemistry, Clinical Pharmacology And Toxicology, Therapeutic Drug Monitoring And Analysis, Evaluation Of Molecular Diagnostic Biomarkers, Disease-Oriented Topics, New Reagents, Instrumentation & Technologies **Clinical And Hospital Pharmacy**, Methodology Used In Clinical Chemistry, etc.

Very special Thanks to our Exhibitors and Sponsors to have bestowed and their faith and invested in us to make this event a fruitful one. We hope you continue your support in our future endeavours. With case study presentations, illuminating technical sessions, working group discussions, poster

presentations, and peer-to-peer conversations, this

Conference provided a wide range of application-oriented solutions to real world problems for the analytical and food science communities.

Some of the Eminent Clinical Chemist and Diagnostics Professionals were the Organizing Committee Members for Clinical Chemistry 2019

Steven H. Wong, Wake Forest University School of Medicine, USA Bernard Gouget, International Federation of Clinical Chemistry and Laboratory Medicine, France France Valeriy Perminov, BioTeckFarm Ltd., Russian Federation Russia

Zeliha Selamoglu, Nigde Omer Halisdemir University Turkey Robert Bowen, West Virginia University USA Malyshev Igor, Moscow State University Of Medicine and Dentistry Russia Bruno Zelic, University Of Zagreb Croatia

Notable Speakers of Clinical Chemistry 2019

Oliver Spadiut, Technische Universitat Wien Austria

Haamid Bashir, Govt Medical College India

Tamar Varazi, Agricultural University Georgia Mija Sezun, Pulp And Paper Institute Slovenia

Mojgan Ahmadzadeh Raji, University Of Tehran Iran

Magdalena Arevalo Turrubiarte, Department Of

Veterinary Science University Of Turin Largo Braccini Italy
