Past Conference Report: 32nd International Conference on Vaccines and Immunization

Dr. El Hadji Seydou Mbaye

Biology and Human Pathologies, International Agency for Research on Cancer, World Health Organization, West Africa.

Abstract

The 32nd International Conference on Vaccines and Immunization (Vaccines Summit 2019) hosted by Conference Series LLC Ltd took place at March 21-22, 2019 Hotel Holiday Inn, Aurelia Rome, Italy. It was organized by Conference Series LLC Ltd and generous response was received from the Editorial Board Members of Conference Series LLC Ltd Journals as well as from eminent scientists, talented researchers and young student community. Researchers and students who attended from different parts of the world made the conference one of the most successful and productive events in 2019 from Conference Series LLC Ltd. The two-day program witnessed thought provoking Keynote and Plenary presentations from experts in the field of Vaccines and Immunization, highlighting the theme, "Highlights of latest technologies and innovations in Vaccines and Immunization".

Vaccines Summit 2019 was inaugurated by the keynote session by Dr. Helder Fernando Brígido Martins, Retired Senior Manager at WHO, Mozambique, with the title "Bringing to widespread public use latest technologies and innovations in vaccines and immunization: A point of view from a developing country-Mozambique". The session was chaired by Helder Fernando Brígido MARTINS, Retired Senior Manager at WHO, Mozambique.

The conference's first day featured panels on Vaccines against Infectious Diseases, Current Research & Future Challenges, Paediatric Vaccination, Cancer, Malaria & TB Vaccines, Travel & Edible Vaccines.

The second day began with an insightful poster session on the area of Vaccines & Autism, Vaccines for Pregnant Women & Neonates. The conference concluded with the poster session.

32nd International Conference on Vaccines and Immunization 2019 supported by the organizing committee network of renowned scientific and professional expert such as Helder Fernando Brígido Martins, Retired Senior Manager at WHO, Mozambique, Nicholas Jackson, Sanofi Pasteur, Lyon, France, Stefania Di Marco, ADVENT - IRBM Science Park SpA, Italy. It provided a platform for collaboration among colleagues,

vendors, and academia to reveal new innovations, solutions, ideas, and emerging technologies in Vaccines and Immunization.

The highlights of the meeting were the keynote lectures from

- Helder Fernando Brígido Martins, Retired Senior Manager at WHO, Mozambique
- Nicholas Jackson, Sanofi Pasteur, Lyon, France
- Stefania Di Marco, ADVENT - IRBM Science Park SpA, Italy

The meeting was carried out through various sessions, in which the discussions were held on the following major scientific tracks:

- Human Vaccines against Infectious Diseases
- Cancer, Malaria & TB Vaccines
- HIV Vaccines
- Immunizations & Bioterrorism
- Combination & Conjugate Vaccines
- DNA & Synthetic Vaccines
- Travel & Edible Vaccines
- Paediatric Vaccination
- Vaccines for Immune Mediated Diseases
- Veterinary Vaccines
- Fish & Poultry Vaccines
- Vaccines against Drugs
- Vaccines & Autism
- Vaccine Safety & Efficacy
- Geriatric Immunization
- Vaccines for Pregnant Women & Neonates
- Vaccines for Unconventional Diseases
- Animal Models & Clinical Trials
- Animal & Plant Derived Vaccines
- Vectors, Adjuvants & Delivery Systems
- Vaccine Production & Development
- Cellular Immunology & Latest Innovations

- Antibodies: Engineering & Therapeutics
- Current Research & Future Challenges

We would specially thank the Moderators for their contribution for the conference. We would also like to thank Helder Fernando Brígido MARTINS, Retired Senior Manager at WHO, Mozambique for chairing our conference sessions.

We are obliged to the various delegates from companies and institutes who actively took part in the discussions. We sincerely thank the Organizing Committee Members and Editorial board of Vaccines Summit 2019 for their gracious presence and continuous support throughout the proceedings of this event.

Forthcoming Conferences on 33rd International Conference on

Vaccines and Immunization during March 16-17, 2020 at London, UK

Conferences Series LLC takes great pleasure in inviting the scientific community across the globe to the 33rd International Conference on Vaccines and Immunization during March 16-17, 2020 at London, UK. London was named the city with the best quality of life in the world as well as the wealthiest city in Europe. London is considered as one of the best venues for conducting conferences due to its favourite tourist destinations. This meeting will explore advances in Vaccines and Immunization.
