

Past Conference Report Stem Cell Research 2020

The feat of 2nd World Congress on Cell Science and Stem Cell Research well thought-out by Allied Academies Ltd that was apprehended during July 29-30, 2020 was a prodigious standard. Massive number of partakers from around the ecosphere had spoken on diverse sessions.

Aim: The gathering seeks after to pass on altogether fundamental instructional researchers, specialists and studies understudies to exchange and rate their examinations and studies outcomes on all components of Cell Science and Stem Cell Research. It furthermore presents a most valuable interdisciplinary stage for scientists, professionals and teachers to offer and discussion about the greatest current advancements, patterns, and stresses notwithstanding reasonable requesting circumstances experienced and answers followed inside the fields of Cell Science and Stem Cell Research.

Conference Highlights: Insight in Stem cell, Stem cell and Gene Therapy, Stem cell and Bioengineering, Reprogramming in stem cell and Transplantation, Cancer stem cell and Oncology, Stem cell and Nanotechnology, Stem cell in Treatment of Cardiovascular disorder, Stem cell in Treatment of Neurodegenerative disorder, Stem cell in Treatment of Hematopoietic disorders, Stem cell in Treatment of immunodeficiency and Autoimmune diseases, Stem cell therapy in veterinary medicine, Stem cell in Disease modelling and drug discovery, Bio banking, Tissue, stem cell Preservation & Bio banking, Microfluidic Stem cells, Tissue Engineering, Stem Cell Banking, 3D bio printing & bio fabrication, Future prospects of stem cell research, Umbilical Cord blood banking, Cell Science and Molecular Biology.

The webinar started at 9:00 opening with registration and concluded a session at 3:40 pm. The Meeting enduring with Keynote dialogs by the renowned speakers Dr. Nitin Telang, USA, Dr. Shulin li, U.S.A , Dr.Shouvik Mandal, Mumbai, Dr Roberto Ebensperger, Chile, Dr. Jifeng Yu, China and Ahmed El-Hashash, China from the fabled establishments and verbal talks from the finest and top hierarchical doctor of medicine from varied departments who are consistent to this arena. Investigation Specialists, students and demonstrations are the special fascinations which made the experience alive through their doubts and explores.

Conference Proceedings: All submitted conference/event papers will be blind peer reviewed via way of means of 3 fitted out reviewers. The peer-reviewed convention lawsuits are listed in the respective journal, Google Scholar, and different index databases. Impact Factor Indicators.

Taking the Success vibes in heart we move forward towards the 3rd World Congress on Cell Science and Stem Cell Research that is scheduled in Berlin | Germany in the month of Mar 25-26, 2021. And it integrates prompt keynote presentations, Verbal Discussions, Poster pageants and Exhibitions.

Event will run over a span of time at some point of the convention relying on the quantity and duration of the presentations. With its excessive quality, it offers an extremely good scope of exposure for students, teachers and enterprise researchers.

Our supporters encompass organizing committee contributors, editorial contributors of International journals, its related journals, media partners, collaborators from numerous Internal Organizations and our past individuals encompass doctors, scientists, nurses, researchers, and students.

Call for Contributions: Prospective authors are kindly recommended to make a contribution to and assist from the convention via submissions in their studies, abstracts, papers and e-posters. Also, excessive studies contributions describing authentic and unpublished effects of conceptual, constructive, empirical and experimental in all regions of Stem Cell Research and Cell Science are cordially invited for presentation on the convention. The convention solicits contributions of abstracts, papers and e-posters that cope with issues and subjects of the convention, inclusive of figures, tables and references of novel studies materials.

Conference Highlights: Cancer Stem Cell, Oncology Research, Oncology Research Categories, Stem cells, Immunology, Cancer Stages, Cancer Treatment, Cancer prevention, Gene therapy, Umbilical Cord Stem Cells, Stem Cell Aging, Recent advances in Stem Cell, Epidermal Stem Cells, Stem Cell Renewal

The supporting journals include:

- Journal of Histology and Cell Biology
- Journal of Cancer Immunology & Therapy
- Insights in Immunology
- Journal of Cell Science and Mutation

We welcome all of the famous investigators, pupils and delegate partakers to participate on this upcoming convention to witness precious medical discussions and assist to the destiny improvements within the discipline of Cell Science and Stem Cell Research.

Program Manager

Lizzie Madron
