

## Successful Completion of 24<sup>th</sup> Edition of International Conference on Biotechnology in Paris, France on August 08-09, 2019

### Ales Prokop

Emirutus Professor, Chemical and Biomolecular Engineering, Vanderbilt University, USA, E-mail: [ales.prokop@vanderbilt.edu](mailto:ales.prokop@vanderbilt.edu)

Another Biotechnology conference has been successfully completed the 24th Edition. We must thank the attendees, Holiday Inn Paris - Porte de Clichy, Paris, Conference Centre Staff, the Organizing Committee, Ad-Sponsors, Media partners and everyone else that helped to make this **24th Edition of International Conference on Biotechnology** with the theme, **Highlighting Latest Advancements and Applications of Biotechnology for Future Challenges** a huge successful conference.

Our Attendees obtained the kind of advance technical information in the arena of Biotechnology and Molecular Biology that they were seeking, and that their role in the field has been enhanced via their participation. It played an important role in promoting multidisciplinary interactions between Biotechnology enhance research in Biology and Molecular The program covered current and emerging research innovations in the field of Biotechnology. They were able to take part in all the sessions and take advantage of the tremendous advancements in Biotechnology and Molecular Biology that scientists are working with.

The Majorly Focused Highlights for our Biotechnology 2019 Conference Bioremediation and Biodegradation, Environmental Biotechnology, Biomaterials and Regenerative Medicine, Microbial Biochemistry, Marine Biotechnology, Biomarkers and biochemistry, Molecular Biology, Sustainable Aquaculture etc.

### Some of the Eminent Biotechnology Professionals were the Organizing Committee Members for Biotechnology 2019

J.W.Dobrowolski, International Team of Sustainable Development and Eco Innovation, Poland

Igor Malyshev, Moscow State University of Medicine and Dentistry, Russia

Utku AVCI, Recep Tayyip Erdogan University, Turkey

Valeriy D. Perminov, BioTechFarm Ltd, Russia

Zeliha Selamoglu, Nigde Omer Halisdemir University, Turkey

Gia Khatishashvili, Oxidation Laboratory Agricultural University, Georgia

Mojgan Ahmadzadeh Raji, University of Tehran, Iran

### Notable Speakers of Climate 2019

Aleš Prokop, Vanderbilt University, USA

Karin Schutze, CellTool GmbH, Germany

Tomokatsu Hori, Moriyama Neurological Center Hospital, Japan

Ernesto A. Chavez, Marine Sciences Research Centre in La Paz, Mexico

Fadia El Bitar, Scientist at Department of Genetics at King Faisal Specialist Hospital, Saudi Arabia

Aneta K. Urbanek, Wroclaw University of Environmental and Life Sciences, Poland

Michela Pozzobon, Department of women and children health, University of Padova, Italy

Hence, Biotechnology 2019 gave justice to the theme "Highlighting Latest Advancements and Applications of Biotechnology for Future Challenges"

All thanks to our Media partners also for associating with us.

Crowd Reviews, Bioe-equip, Bio Partner, Health, Med Gadget, Pharmaphorum, Asia today, Biomass-events.com, Chem Cubeb, SciRes Literature, JSB Conference, MED tube.

### SAVE THE DATE, Biotechnology 2020 is coming!

Followed by the Successful Completion of the [Biotechnology Conference](#), the 24th edition, we are hosting its next edition "25th Edition of International Conference on Biotechnology in Dublin, Ireland on July 15-16, 2020.

The theme focused for the [Biotechnology and Molecular biology Meet](#) is *Caring-The Essence of Biology, molecular biology and Biotechnology*.

Having you all with us for our [Biotechnology 2020](#) is a matter of great joy and excitement. We look forward to you all sharing your incredible knowledge, research ideas and to make a sprinkle with new enhancements at this 2-days event.

This time we have introduced some new highlights for our [Biotechnology Congress](#)

Bioproducts and BioEnergy, Bioremediation and Biodegradation, Advancements in Biotechnology, Nanobiotechnology, Biodegradation, Environmental

Biotechnology, Biom etc.

Biotechnology 2020 aims to bring all the nursing professionals under all Biology and latest fields for our [Biotechnology Meeting](#) to interact and share their knowledge and their newest research to the entire Biotechnology Community

Also this time, Our [Dublin Biotechnology Conference](#) will be focus destination for the International Biology Research Societies, Associations, and Organizations. This event will bring together Directors, Professors, Students from academia and researchers in the field of Biotechnology, Government officials and global leaders to push forward the Biology Research.

Biotechnology Event is expecting more than 200+ Participants to enlighten the program. This time the [Ireland Biotechnology Conference](#) will organize several Oral and Poster Presentations/Networking Sessions/Workshops/Symposiums/Exhibition as we have introduced several new tracks to bring in more participants.

We are looking forward for the Biotechnology 2020 conference to be successful just as the Biotechnology 2019 Conference!

We welcome all the Biotechnology Professionals, Delegates, Researchers, and Students to make your beautiful presence in Dublin by July 15-16, 2020.

With regards,  
Laura Homes  
Program Director  
Biotechnology 2019
