

Tissue Regen 2020 – Latest Scientific Advances in Tissue science & Regenerative Medicine

Omid Panahi

Yeditepe University, Turkey Email: omidpanahi456@gmail.com

Tissue is a cell authoritative level among cells and a total organ. A tissue is a troupe of comparable cells and their extracellular network from a similar origin that together do a particular work. Tissue utilized for research can be called the same number of various things: example, organic examples or human natural material. These terms refer to a little piece or test of tissue or liquid and are utilized conversely. At the point when specialists state tissue, they can mean blood, pee, salivation, defecation, liquid from the spine and mind, organ tissue, bone marrow, tumour tissue, lymph hubs, lymphatic liquid, and numerous others. Tissue designing has evoked new trusts in the fix of the disappointment of Organs and misfortune tissue by making utilitarian substitutes in the research facility.

ME Conferences is glad to schedule the “11th Tissue Science and Regeneration Congress” during April 20-21, 2020 at Kuala Lumpur, Malaysia.

Award for Tissue Regen 2020 Expert Level

The award is to the experts who have made outstanding contributions to advancing in Tissue Science & Regenerative Medicine. It is the conference's most prestigious award and tagged as the Scientific Service Achievement award. The eligibility criteria for achieving this award is that one should have a minimum of 20+ years of experience in the relative field in the public or private sector. The receiver of this award should have a dedicated fascination and should take initiative in researching the recent trends and developments towards the related subjects. You can nominate deserving of the award online.

Professional Level

The award for professional or academic research activity acquired in the Tissue Science & Regenerative Medicine research field in the public or private sector for experts having research knowledge of 10+ years in the field of Tissue Repair & Stem Cell Therapy with most relevant accomplishments. Part-time research experience would be counted as pro-rata. It is calculated from the date

when you obtained the (first) degree entitling you to embark on a doctorate (either in the country in which the degree has been earned or in the country where the researcher is recruited), even if the doctorate has never been completed or expected. You can nominate deserving of the award online.

Scholar Level

Our conference aims to provide the best platform for extending your network by sharing your on-stage research knowledge. Presentation involves 25-30 minutes of oral debate on the conference theme-based scientific research topics along with 5-minute panel discussions. You can nominate deserving of the award online.

Women Scientist

Our conference provides a unique platform for women scientists for presenting the latest research projects with an in-depth analysis. We cordially invite women scholars and scientists from universities/industries having 10+ years of research experience to join the forum. We are happy to encourage our women scientist participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations. Women scientists may nominate deserving of the award online.

Outstanding Speaker

Outstanding Speaker awards are presented to recognize individuals who have made implemented an idea or innovative approach to encourage active involvement for the betterment of the field. The award should motivate individuals to strive to realize their fullest potential which could, in turn, be beneficial. Epic works are not only a testament to the individual's efforts, but they also have the potential to change the world as they can lead to the formulation of better policies and or a new mind set.

Best Keynote Speaker

Keynote speeches are usually based on the speaker's perspective of future advancements and experiences.

They can also include motivational and inspirational elements. But the most important factor for keynote message success is audience engagement, innovative ideas for the betterment of health conditions in society, someone who captures the essence of your meeting and can subsequently highlight it to your audience in a short amount of time, weaving the key message that you want the audience to take away with them, into their speech in a fun and memorable way.

Best Poster Presentation

Poster presentations are a very important way of sharing significant research and deserve recognition. The poster gives a framework to visually summarize your work, to engage others in discussions, and an opening to entice others to learn more by reading the full paper. The student poster award will acknowledge work that best represents the purposes, goals, vision and adds new knowledge, contributes innovative research, and provides an insightful contribution to the field by a bachelor, master or doctoral student.

Outstanding Thesis

The award is recognizing for Masters/Ph.D./Post Doctorate thesis work presentations who will exhibit their projects and thesis that have been implemented to improve long-term excellence in the field of Tissue Science & Regenerative Medicine. You can nominate deserving of the award online.
