

Waste Recycling during Covid-19 period

Lingai LUO

French National Center for Scientific Research, France

Followed by the successful completion of Recycling 2020, we are hosting its next edition bring the “9th International Conference on Recycling, Pollution Control and Waste Management” during March 10-11, 2021 at London, UK. The theme focused on the Recycling 2021 is Waste recycling during Covid-19 period.

It's a topic of great joy and anticipation to have you all with us for our Recycling 2021. We look forward to all of you sharing your amazing insights, study ideas, and making this 2-day event a sprinkle with new enhancements. The meeting engrossed a vicinity of comprehensive discussions on novel subjects like Food Waste Recycling, Waste Management, E-waste Management, Hazardous waste management, and so on. We would like to express our sincere gratitude to Moderators, Speakers, Keynote Speakers, Members of the Organizing Committee, Attendants and Guests for their inspiring speeches and for making Recycling 2020 a memorable and fruitful affair.

The conference started with an opening ceremony accompanied by keynote sessions and followed by a series of lectures given by both Honorable Guests and Keynote Forum leaders. The conference proceedings were held by various Scientific-sessions and plenary presentations, featuring the following Speakers:

□ Cristina Echeverria|Universidad Técnica del Norte|Ecuador

□ Amar Rajaram Supate |Maharashtra Pollution Control Board|India

□ Pradnya Gopal Kadam|Maharashtra Pollution Control Board|India

AAC took the privilege of congratulating the Organizing Committee, keynote speakers who sponsored this event for its success. Recycling 2020 Organizing Committee congratulates the winners on their excellent results in the field of recycling & waste management and appreciates all the participants who put their energies into presentations and sincerely wish them success in future endeavors.

With the conference's specific input, AAC wishes to announce the launch of the 9th International Conference on Recycling, Pollution Control & Waste Management.

Recycling 2021 has been planned interdisciplinarily with a multiplicity of tracks to choose from each section and offers you a rare opportunity to

meet industry and academic peers and create a scientific network among them. We cordially invite everyone concerned to join us at our case, and make it successful through your participation.

Our aim is to provide optimum access to our participants and we ensure that the meeting is a mix of practitioners such as clinicians, healthcare professionals, medical scientists, educational and industrial laboratory testing professionals, making the Recycling 2021 Annual Meeting a fantastic platform.

Bookmark your dates: Between March 10-11, 2021, we hope to see you at Recycling 2021 in London, UK!
