

Vanquishing Challenges in risk assessments in Toxicology and scrutinizing advances in Applied Pharmacology

Antonio Rodriguez Valencia

Michoacan University of San Nicolas de Hidalgo, USA

We present the 4th International Conference on Toxicology and Clinical Toxicology held on February 22-23, 2021. The main aim of the event is to frame networks with individuals from all around the world so that they can exchange their views, ideas and knowledge in the field of Food Science and Technology. Food is such a field, which is growing very rapidly with all the new technologies coming up in the market, which has a great potential value in the world market. The organization is providing a magnificent chance to all the leading experts from the field of toxicology and Pharmacology including Environmental, Pharmacognosy, Pharmaceutical microbiology, Drug discovery and much more. Highly affiliated people who attend the summit take the event into a quality international gathering platform to deliver the speech about their experience and accomplishments to the right audience.

Toxicology 2020 aims to show various new technologies, processing and possibilities from different minds from different people from different parts of the globe. The most appealing part of the conference covers a wide range of exhibitions, symposiums, workshops and scientific sessions. Toxicology 2020 is anticipating getting a global audience without segregating the countries based on economic development. For us knowledge is the most powerful tool, which cannot be measured by any of the available resources. With great expectations from the globe, Food Conference 2020 is looking forward to seeing the professions for the upcoming Food technology conferences. We are promised to make you feel, your actual worth of being Professional for this 2-day session.

Toxicology Conference 2020 developments are maintaining their momentum. Toxicology Conference 2020 Committee is intended to honour prestigious award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of toxicology

Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the Food Conference 2020 young research forum.

Guidelines for Young Researchers Forum - Young Scientist Awards Toxicology 2020:

Eligibility:

- Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience
- Presentation must be into scientific sessions of the conference.
- Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).
- Age limit-Under 35 yrs
- All submissions must be in English Benefits:
- Young Scientist Award recognition a certificate and memento to the winners.
- Our conferences provide best Platform for your research through oral presentations.
- Learn about career improvement with all the latest technologies by networking.
- Young Scientists will get appropriate and timely information by this Forum.
- Platform for collaboration among young researchers for better development.
- Provide an opportunity for research interaction and established senior investigators across the globe in the field

Awards & Rewards

- Showcase your research through oral presentations.
- Learn about career development and the latest research tools and technologies in your field.
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research.
- Develop a foundation for collaboration among young researchers.
- The forum will provide an opportunity for collegial interaction with

Young Research's Awards at Toxicology Conference 2020 for the 3rd International Conference on Toxicology and Clinical Toxicology, June 17-18, 2020 | Rome, Italy

other young investigators and established senior investigators across the globe.

- Interact and share ideas with both peers and mentors.
- Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers.
- Actively distribute information and promote the benefits of education and career matters.

Young Research Forum Award is a self-entry category and the results will be decided by a well-acclaimed committee from leading science organisations and academia from the industry. The committee is chaired by Claude Billeaud, President, Association Européenne pour l'Enseignement en Pédiatrie, France

Best Poster Award

The Best Poster Award is an initiative of Allied Conferences in the 4th International Conference on Toxicology and Clinical Toxicology held on 22&23 February 2021 to encourage students and recent graduates to present their original research which will be later published in the Allied Journals. All the accepted abstracts will be eligible for presentation at the poster sessions during the conference. Allied Conferences aims at setting a platform for all the budding young scientists and researchers to present their real-time work and share their views and aspects related to the theme of the conference.

Eligibility:

- Open to all students – Graduates, Post Graduates and Research Scholars (below the age of 35).
- Presenters who do not wish to participate or those who are not eligible for the competition are also welcome to present their poster at the conference.
- The abstract submission deadline for poster competition will be closed one month before the conference date (this is subject to change), hence all are requested to submit their abstracts well in advance.
- All shortlisted poster presenters have to be registered before the deadline of abstract submission.
