

2020 Conference Announcement on 15th International Conference on Virology, Emerging Diseases & Vaccines

Giulio Filippo Tarro

Professor, World Academy Biomedical Technologies, Italy. E-mail: giuliotarro@gmail.com

[Conference series LLC](#) takes immense pleasure in inviting all the participants from across the globe to attend “[15th International Conference on Virology, Emerging Diseases & Vaccines](#)”. This comprises of proficient keynote presentations, verbal speeches, productive poster presentations and exhibitions providing insights to the importance and efficiency of dentistry in Healthcare. The conference will take place **during July 20-21, 2020 via Webinar (online event)**.

Virology & Viral Diseases 2020 highlights the theme “Innovative Ideas for Excellence Future in Dental and Oral Health Care” which is intended to provide an exclusive platform for new researchers, scholars, surgeons, physicians, students and educators to show case their novel ideas and discuss the most recent innovations, trends and key concerns adopted in the field of Microbiology. The two days of educational program will include keynote presentations, oral presentations, and poster presenters on the advanced techniques as well as papers in all the fields of Virology in health care. Virology & Viral Diseases 2020 aims to explore advances in Medical practice, management and education in relation to health disparities as well as a breadth of other topics.

Attendees can:

- Take advantage of opportunities to learn insights about Virology and Viral Diseases from a variety of oral and poster presentations.
- Meet and network with dentistry ranging from students to deans, faculty, and researchers.
- Take advantage of opportunities to collaborate with Microbiology experts from around the world.
- Attend prominent plenary sessions about relevant issues affecting dental care and the recent techniques adapted in Microbiology.
- **Why should attend?**
- It can really help you to have that expert authority in your field of specialization compared to your

peers. This will give you a chance to broaden your knowledge on Virology specializations which can give you a chance speak on Microbiology events or write publications. Most patients always like to deal with Microbiologists who have an authority on their fields of specialization

- All submitted conference papers will be peer reviewed by competent reviewers. The post conference proceedings will be abstracted and indexed in the International Journal of Microbiology. The conference abstracts and proceedings book and certificate of presentation will be distributed to participants at the conference registration desk.
- Submission guidelines and registration prices information for Speakers and Delegates are posted on the Virology website at <https://virology.conferenceseries.com/>. Online entries will be accepted from November 01, 2019-April 8, 2020.
- Virology & Viral Diseases 2020 aims to discuss the wonders happening in the ever growing field of Microbiology. This conference is an acting stage for business professionals, Microbiology Directors, academicians, technicians and mainly students to showcase their innovations and new ideas. Virology & Viral Diseases 2020 will have more than 100 International renowned speakers to share their latest research results to participants; the planned program will cover a variety of subjects in the field of Microbiology. The conference will also provide an opportunity for interaction and interchange ideas through posters, open discussion and program project. We strongly believe that the exchange of knowledge and experience will result in a strong global collaboration between you and us
- **Subject Advantages:**
- Learning in a New Space
- New Tips & Tactics
