22nd European Nutritional Science Congress 2018: Past Conference Report

Christopher Golden

Assistant Professor, Department of Nutrition Harvard T.H. Chan University, Boston, USA; E-mail: golden@hsph.harvard.edu

Conference Series LLC Ltd facilitated the "22nd European Nutritional Science Congress", during November 26-27, 2018 at Hotel Augusta Barcelona Vales, Barcelona, Spain, with the subject, "Dietary Science: Empowering Health and Wellbeing", which was an incredible achievement. Famous keynote speakers from different rumoured establishments and associations tended to the social affair with their shining nearness.

Conference Series LLC Ltd is special to congratulate Nutritional Science Congress 2018 Organizing Committee, Keynote Speakers, Chairs and Co-Chairs and furthermore the Moderators of the meeting whose help and endeavours made the gathering to proceed onward the way of progress. Meeting Series LLC Ltd thanks each individual member for the huge choice reaction. This moves us to keep sorting out occasions and meetings for further research in the field of Pediatrics.

Conference Series LLC Ltd thusly is happy to report its "Functional Food and Advanced Nutrition 2020", which will be held during November 29-30, 2020 in Beijing, China. We unconditionally welcome all the famous analysts, understudies and delegates to partake in this up and coming meeting to observe important logical discourses and add to the future advancements in the field of Pediatrics.
