

## Editorial Note

## 6<sup>th</sup> Edition of International Conference on Polymer Science and Technology April 01-02, 2020 Webinar

### Editorial Note

We had a huge success with the completion of **6<sup>th</sup> Edition of International Conference on Polymer Science and Technology Webinar** April 01-02, 2020. The significance of the meeting was achieved due to the accumulation of all the related group of spectators of research scientists to share their Knowledge, Research work, Technologies, and furthermore trade of worldwide Information towards the correct crowd at ideal time. Congress has received a generous response from all over the world. This has been organized with the aim of endorsing the development of new perceptions and ideas for investigating the high level of knowledge reached by scientific community in the field of Chemistry.

The conference was organized around the theme "*Empirical Awareness of Polymers in Modern Technology*". The congress entrenched a firm relation of future strategies in the field of Polymer Science.

We would like to thank all the participants and following keynote speakers:

- Peter Mercea, FABES Research GmbH, Germany
- Janet Sabina X, Sathyabama Institute of Science and Technology, India
- Subhadeep Chakraborty, University of Calcutta, India
- Essolé PADAYODI, University of Technology of Belfort, France
- Sepehr Haghighi, Islamic Azad University, Iran

We would like to thank each and every participant of Euro Polymer Science 2020 webinar to make this a huge success. And special thanks to media partners for the promotion of our event.

The **ConferenceSeries** Euro Polymer Science Conferences aim to bring together the prominent researchers academic scientists, and research scholars to exchange and share their experiences on all aspects of Polymer Science. It is conjointly a knowledge domain platform for researchers, practitioners and educators to gift and discuss the foremost recent advances, trends, and issues in addition as sensible challenges and solutions adopted in the fields of Polymer Science
