

8th Global Summit on Artificial Intelligence and Neural Networks June 18-19, 2020 Webinar

Editorial Note

We had a huge success with the completion of 8th Global Summit on Artificial Intelligence and Neural Networks Webinar on June 18-19, 2020. The significance of the meeting was achieved due to the accumulation of all the related group of spectators of research scientists to share their Knowledge, Research work, Technologies, and furthermore trade of worldwide Information towards the correct crowd at ideal time. Congress has received a generous response from all over the world. This has been organized with the aim of endorsing the development of new perceptions and ideas for investigating the high level of knowledge reached by scientific community in the field of Pharmaceutical Sciences.

The conference was organized around the theme “*Harnessing the power of Artificial Intelligence*”. The congress entrenched a firm relation of future strategies in the field of Healthcare medicine.

We would like to thank accepted abstracts:

- Ahmed Albashir, Gezira, University, Faculty of Medicine, Sudan
- Aila V. Velasco, Doctor of Medicine Saint Louis University ,United States
- Aleksandra Bodys-Pełka, Medical University of Warsaw, Poland
- Ayham darwisch, Department of Cardiac Surgery, Dresden Heart Centre University Hospital, Germany
- Huang Wei Ling, Medical Acupuncture and Pain Management Clinic, Brazil

We would like to thank each and every participant of Neural Networks 2020 webinar to make this a huge success. And special thanks to media partners for the promotion of our event.

The **Conference Series** Pharmaceutical Conferences aim to bring together the prominent researchers academic scientists, and research scholars to exchange and share their experiences on all aspects of Pharmaceutics. It is conjointly a knowledge domain platform for researchers, practitioners and educators to gift and discuss the foremost recent advances, trends, and issues in addition as sensible challenges and solutions adopted in the fields of Biopharmaceutics.

We are also glad to announce our upcoming conference “3rd Middle East Heart Congress” scheduled on March 25-26, 2021, Dubai

The topics to be discussed are Artificial Intelligence, Cognitive Computing, Machine Learning, Artificial Neural Networks and Deep Learning, Ambient Intelligence, Perceptrons, Robotics and Mechatronics, Natural Language Processing, Cloud Computing, Autonomous Robots, Parallel Processing, Ethics in AI, Bioinformatics, Ubiquitous Computing
