With the successful accomplishment of previous meetings 9th International Conference on Traditional Medicine and Acupuncture organized by Allied academies at Tokyo, Japan during Sep 14-15 | 2019 worked with the theme "Unwinding the Challenges & Future Aspects of Traditional Medicine".

Traditional Medicine 2019 took great pleasure in providing opportunity for the academic scientists, researchers, research scholars, students to share, exchange and exploring new avenues of traditional medicine and alternative medicine.

Tremendous response and vital participation had been received from Organizing Committee members as well as speakers and delegates whoever participated in this Congress. The event promoted excellence through dynamic deliberation and leading edge presentations by international experts, focused on resolving controversies important to Acupuncture and traditional medicine.

The conference was inaugurated with a Keynote Speech on "The Endocannabinoid system inducing homeostasis" by Lakisha Jenkins, USA.

Following the success of 9th International Conference, with 25 years of excellence Allied academies is glad to announce 10th International Conference on Traditional medicine and acupuncture which will be commence from Oct 19-20, 2020 in Capetown, South Africa with a theme "Insights in traditional Medicine and Acupuncture". Traditional Medicine 2020, not just make a phase to exchange estimations to the enormous social occasion of individuals, yet also endeavor to spread concentrated and research advances in the clinical, definite and

Physiological parts of medicinal and designing. It happens to be more feasible for everyone to put in the photograph with novel research and to perceive the degree and noteworthiness of specific research run in the field of therapeutic and designing.
