

## Epidemiology and Public Health 2020 scheduled at Amsterdam, Netherlands during March 16-17, 2020

### Radwan

Consultant Obstetrician and Gynaecologist, Rotherham General Hospital, England. E-mail: radwanfaraj75@gmail.com

Hilaris SRL is organizing **Epidemiology and Public Health** Conference which is scheduled on **March 16-17, 2020** in **Amsterdam, Netherlands**. The conference is going to be centered on the theme "*Let's make Healthcare is a right not a privilege*", which will cover the topics that are related to and comes under public healthcare and nutrition management, and new improvement in the healthcare sector. This international event will review major events relating to the field of Public health, Nutrition, Women health issue, Infants health issue etc., which will offer the attendees to expand their knowledge on this topic and share their ideologies.

The [Epidemiology Congress 2020](#) highlights are going to be Public health, Nutrition management, mental health, healthcare systems, Infectious and Occupational diseases, women healthcare, recent biomedical technologies, recent improvement in the healthcare sector.

### Attendees can:

- Take advantage of opportunities to learn insights about Virology and Viral Diseases from a variety of oral and poster presentations.
- Meet and network with dentistry ranging from students to deans, faculty, and researchers.
- Take advantage of opportunities to collaborate with Microbiology experts from around the world.
- Attend prominent plenary sessions about relevant issues affecting dental care and the recent techniques adapted in Microbiology.
- **Why should attend?**
- It can really help you to have that expert authority in your field of specialization compared to your peers. This will give you a chance to broaden your knowledge on Virology specializations which can give you a chance speak on Microbiology events or write publications. Most patients always like to deal with Microbiologists who have an authority on their fields of specialization

- All submitted conference papers will be peer reviewed by competent reviewers. The post conference proceedings will be abstracted and indexed in the International Journal of Microbiology. The conference abstracts and proceedings book and certificate of presentation will be distributed to participants at the conference registration desk.
- Virology & Viral Diseases 2020 aims to discuss the wonders happening in the ever growing field of Microbiology. This conference is an acting stage for business professionals, Microbiology Directors, academicians, technicians and mainly students to showcase their innovations and new ideas. Virology & Viral Diseases 2020 will have more than 100 International renowned speakers to share their latest research results to participants; the planned program will cover a variety of subjects in the field of Microbiology. The conference will also provide an opportunity for interaction and interchange ideas through posters, open discussion and program project. We strongly believe that the exchange of knowledge and experience will result in a strong global collaboration between you and us.

The [Epidemiology Congress 2020](#) highlights are going to be Public health, Nutrition management, mental health, healthcare systems, Infectious and Occupational diseases, women healthcare, recent biomedical technologies, recent improvement in the healthcare sector.
