

Organic Chemistry 2020

Christo boyadjiev

Professor, Institute of Chemical Engineering, Bulgarian Academy of Sciences, Bulgaria, E-mail: chr.boyardjiev@gmail.com

[Organic Chemistry](#) is a branch of chemistry that studies the advanced concepts of [Chemistry](#) and its role in Medicine, [Pharmaceutical Industries](#), [Pharmacological studies](#), Inorganic etc. The main theme of the Organic chemistry 2020 is "Advancements & Contemporary Research in Organic Chemistry". Organic chemistry is a field of [science](#) in which chemists study the structure, properties, [composition](#), reactions to create new [molecules](#) and explore the properties of existing compounds. The conference covers the wide range of [expertise](#) in the field of chemistry encouraging researchers for presentation, [communication](#) and [discussion](#) of research results carried out in academia and industry.

The [conference](#) welcomes all the eminent leaders of chemistry and Professors to share their [experiences](#); we are open for all the scientists from all over the globe with their new findings. We encourage [young researchers](#), students to participate and share their ideas at the conference. We are also honour to welcome Directors, Vice President, Head of technology from industries, R&D Chemist, Life Sciences Specialist, and [Exhibitors](#) are also welcoming to exhibit their projects and products.

[Organic Chemistry 2020](#) includes prompt [Keynote presentations](#), Oral talks (Speaker forum and Young research forum), and Poster presentations, [Workshops](#), Symposium and Exhibitions.

Organic Chemistry 2020 supported by the [organizing committee](#) network of renowned scientific and professional expert such as Professor. Christo Boyadjiev, Institute of Chemical Engineering, Bulgarian Academy of Sciences, Roya Dastjerdi, Yazd University, Iran it provided a platform for collaboration among colleagues, vendors, and academia to reveal new innovations, solutions, ideas, and emerging technologies in Chemistry.

Global **Organic Chemistry** Conferences going to be held during January, 2020 to December, 2020 at various cities in Europe (London, Barcelona, Madrid, Valencia, Rome, Milan, Berlin, Frankfurt, Vienna, Zurich, Dublin, Edinburgh.... And Many More...!!!
