

Pharmaceutical Science Conference Past Report

Athina Geronikaki

Professor Aristotle University of Thessaloniki Greece, E-mail: geronik@pharm.auth.gr

Pharmaceutical chemistry is the study of drugs, and it involves drug development. This includes drug discovery, delivery, absorption, metabolism, and more. There are elements of biomedical analysis, pharmacology, pharmacokinetics, and pharmacodynamics. Pharmaceutical chemistry work is usually done in a lab setting.

Pharmaceutical chemistry involves cures and remedies for disease, analytical techniques, pharmacology, metabolism, quality assurance, and drug chemistry. Many pharmaceutical chemistry students will later work in a lab. Pharmaceutical chemistry leads to careers in drug development, biotechnology, pharmaceutical companies, research facilities, and more.

Past Conference Report-Pharmaceutical Sciences 2019

Conference Series hosted the **World Congress on Pharmaceutical Sciences and Innovations in Pharma Industry** at Park Inn by Radisson London Heathrow, UK during February 26-27, 2019. The conference was designed around the theme of “**Latest Trends in Pharmacy: Spanning the Gap in Research and Product Commercialization**” and was a great success where eminent **keynote speakers** from various reputed companies made their resplendent presence and addressed the gathering. Moreover, the networking sessions laid the foundation for some time worthy collaborations between many start-up and big industries. The post conference networking lunch session witnessed a number of B2B meetings that are turning up to be mutually beneficial to both the organizations who had gone in for the business meetings.

Pharmaceutical Sciences 2019 witnessed an amalgamation of peerless speakers who enlightened the crowd with their knowledge and confabulated on various new-fangled topics related to the field of **Pharma Industry** and **Pharma Sciences**. This congress not only brought forward the latest developments in the field but also provided solutions to the numerous challenges encountered in developing a Pharma Industry.

Conference Series would like to convey a warm gratitude to all the Honorable guests, Keynote Speakers, Delegates, Media Partners and Exhibitors for their participation in Pharmaceutical Sciences conferences.

- **Eric Dybeck**, Pfizer Global Research and Development, USA
- **Margaret Shine**, SRL Research, Ireland
- **Poupak Fallahi**, University of Pisa, Italy
- **Zeeshan Ahmad**, De Montfort University, UK
- **Paula Wood**, Human Factors, UK
- **Simon Raymond**, Melbourne University, Australia
- **Vera Matta**, Sweet Diet Clinic, Lebanon
- **Krzysztof Wrzesinski**, CelVivo IVS, Denmark
- **Mohammad Bagher Rezaee**, Research Institute of Forest and Rangeland, Iran

We on behalf of the conference specially thank the exhibitors for their participation in the congress and also the media partners for their wonderful marketing of the event. Conference Series also took the privilege of felicitating **Pharmaceutical Sciences 2019** Organizing Committee, Keynote Speakers, Chair and Co-Chairs whose support made conference a great success.

With the enormous feedback from the participants and supporters of Pharmaceutical Sciences 2019, we are glad to announce [15th World Conference on Pharmaceutical Chemistry](#) during **November 23-24, 2020** at **London, UK**.

The [Pharmaceutical Chemistry](#) 2020 is an event that aims to explore the ways to innovate in the field of Pharma and Chemistry, and to find new research developments on Drug Discovery and Development in London, UK on November 23-24, 2020. The conference will serve as a platform to bring together leading scientists with different specialties such as [medicinal Chemistry](#), pharmacology, pharmacognosy and pharmaceuticals etc. Pharma Congress will discuss on the topics such as Drug design, Computational Chemistry, Natural Products, Analytical Techniques, Manufacturing Practices, Validation, Drug Delivery, Biotechnology, Clinical Trails, Quality Control and Assurance, Chemical Biology and more.

Pharmaceutical Chemistry 2020 supported by the organizing committee network of renowned scientists and professional experts such as **Athina Geronikaki**, Aristotle University of Thessaloniki Greece, **Catherine Guillou** and University of Paris-Saclay, France it provided a platform for

collaboration among colleagues, vendors, and academia to reveal new innovations, solutions, ideas, and emerging technologies in Pharma.

World Pharma and Chemistry Conferences going to be held during January, 2020 to December, 2020 at various cities in Europe (London, Barcelona, Madrid, Valencia, Rome, Milan, Berlin, Frankfurt, Vienna, Zurich, Dublin, Edinburgh.... and Many More..!!!
