After successful completion of lustrum of international series conferences which were held in UAE, Japan, Spain, and Italy has become the most widescale, extensive, spectacular event in Nursing-related conference history hosted by PULSUS for its high level and the large size of participation.

With an excellent support from all our Organizing Committee and Collaborators, we have successfully completed the “**5th World Congress on Nursing and Healthcare (WCN 2019)**” slated between March 11-12, 2019 in London, UK.

We would also like to thank our Moderator for being a great support for our event to be a grand success. We would like to extend thanks for the **Organizing Committee Members** for their valuable support in making this event a great success.

Singapore Nurses Association (SNA)- We would like to extend our thanks to our collaborators for their constant support. We would like to thank our Media partners for their support in helping us reach greater audience. It would not have been successfully completed without the support of our Media Partners and collaborators who helped us in promoting this event worldwide.

We are very glad to have a great relationship with all these attendees, associations and also we would like to thank all our Speakers, Poster Presenters and Delegates for taking out your time and sharing their innovative research work with our peer network in the conference. We hope to see even greater support in our upcoming events and reach worldwide success.

21st Century nursing is the unique one that holds a patient's health care journey always together. Among the whole patient experience, and wherever there is someone is needed for care, nurses work tirelessly to identify and protect the

needs of the individual in every case. Upcoming WCN conference aims to discover the furtherance in the field of nursing, research area, healthcare, nursing education as well to penetrate deeper into various topics of Nursing.

Upcoming WCN Conference revolves around the theme “**Contribution of Nurses in Stimulating Healthcare**”. WCN conference is an event intended to provide an excellent platform for budding researchers, scholars, physicians, nurses, students, surgeons and educators to explore their innovative ideas and discuss the most recent innovations, current trends and key concerns adopted in the field of health care and nursing. This two day of academic program will majorly include keynote presentations, oral presentations, and poster presenters on the advanced techniques in all the fields of nursing and care. WCN will provide an opportunity for healthcare professionals to exchange research evidence, models of best practice and innovative ideas. It is a platform to collaborate on topics affecting nursing education.

Nursing is outlined as the noble profession of optimizing the health, protective, preventing, promoting health problem and injury, facilitating healing, alleviate suffering through the designation and treatment of human response and also a vital part of medical care is that the scope of patient education and training.

This congress is associated with **20+ Scientific Sessions** which covers all the vital topics under Nursing and healthcare. They are as follows, Acute care Nursing, Primary Care Nursing, Cardiovascular Nursing, Adult Health Nursing, Pediatric Nursing & Neonatal Nursing, Oncology Nursing, Public Health Nursing, Disaster Nursing, Surgical Nursing, Radiology nursing, Psychiatric and Mental Health Nursing, Applied Nursing Research, Nursing Career and Education, Continuing Nursing Education, Midwives and Pregnancy and Medicine. We feel immense pleasure in announcing some of our prestigious international **Organizing Committee Members** of upcoming WCN.

Len Amaral (Professor Emeritus)
