What do we expect from Traditional Chinese Medicine in the COVID-19 Pandemic?
Leung Ping-chung
Institute of Chinese Medicine, The Chinese University of Hong Kong, Hong Kong

Abstract:
Professor LEUNG Ping Chung, OBE, JP, Hon DSSc, DSc, MBBS, MS, FRACS, FRCS(Edin), FHKCONS, FH-KAM(Orth); Director of Centre for Clinical Trials on Chinese Medicine, Institute of Chinese Medicine; Director, State Key Laboratory of Research on Bioactivities and Clinical Applications of Medicinal Plants (The Chinese University of Hong Kong).

Professor Leung’s research areas including Orthopaedics, Osteoporosis, Microsurgery, Public Health, Traditional Chinese Medicine and General Education. He is also the author of over 800 scientific manuscripts in journals and 27 books. Professor Leung has been appointed as editor of 11 International Journals since 1982. He is trying hard to develop a research methodology basing on modern clinical science requirements, to modernize on Traditional Chinese medicine. Currently he is working on projects related to cancer, aging and neurodegeneration, which initiated his enthusiasm searching for wisdom from other well established traditional medicine regions in the Middle East and South Asia.
